## YOU HAVE A BEAUTIFUL FACE BUT YOUR NOSE!

In this day and age attention to your appearance is an absolute necessity. If you expect to make the most of life, not only should you wish to appear as attractive as possible for your own self-satisfaction, which is alone well worth your efforts, but you will find the world in general judging you greatly, if not solely, by your "looks"; therefore it pays to "look your best" at all times. Permit me to see you looking otherwise; it will injure your welfare! Upon the impression you constantly make rests the failure or success of your life—which is to be your ultimate destiny? My new Nose-Shaper "TRADON" (Model 22) corrects now ill-shaped noses without operation quickly, safely and permanently. It is pleasant and does not interfere with one's daily occupation, being worn at night. Write today for free booklet, which tells you how to correct ill-shaped noses without cost if not satisfactory.
